

The Moonlit Bunny

I can't attach a downloadable PDF file directly in this chat, but here is PDF-ready content for **"The Moonlit Bunny"**:

The Moonlit Bunny

Little bunny, soft and white,
Hops beneath the moonlit night.

Past the flowers, round the tree,
"Come and play!" hums Bumblebee.

Stars shine brightly up above,
Bunny dreams of home and love.

Snuggled warm and tucked up tight,
The moonlit bunny says, "Goodnight."
